Job Safety

Big enough to dare,
small enough to care.

The life and health of our employees is our highest property.

Therefore we make available a safe and healthy job environment and keep it.

**Each accident and each injury can be avoided.
Our target is: no accidents.**

- Job safety is subject to a permanent improvement process.
- The commitment of our employees and a responsible management assure this further development.
- All managers assume their model function and the responsibility in this area.
- Misbehaviour – also in other areas – is immediately revealed.
- Through permanent training of our employees we guarantee safe and healthy behaviours at work.
- Customers, visitors and suppliers are included.

Each one is responsible

- for his/her own safety and health
- for the safety of his/her colleagues
- for the safety of our customers, visitors and suppliers
